Dear Mr. Micallef,

Following the phone call earlier today, I would like to provide an update regarding the replacement water spout (mizieb) for the Church of St Roque in Balzan.

Officials from the Superintendence of Cultural Heritage (SCH) have visited the site to assess the new spout. Upon examination, it has been noted that the newly carved water spout deviates slightly from the existing twin water spout. Specifically, the original spout has a slimmer profile and smaller proportions compared to the replacement.

As a result, the SCH recommends the following steps.

1. The new water spout should be taken to the site.
2. Measurements should be taken from the existing water spout before any modifications are made to the new one.
3. The replacement spout should be adjusted on-site to match the dimensions and details of the original spout.

Kindly confirm receipt of this email.

Should you require any further clarification, please do not hesitate to reach out.

Kind regards,

Luca Tufigno

Dear Kenneth,

As discussed earlier, I have communicated with Mr Micallef last week regarding the re-making of the water spout (mizieb).

As per my communication, we have agreed that he is to coordinate with us prior to the installation of the recreated water spout, and Mr Micallef was meant to pass on the details of the stonemason working on it.

I have not received these details.

I have tried to call Mr Micallef earlier today but could not get in touch.

Mr Micallef, please provide details of the mason as discussed last week so that we may monitor the recreation of the water spout to ensure this is a suitable replacement. You should have my details (my number is also below) should you need to get in touch.

Regards,

Luca Tufigno

Luca.

KPKK have formally delegated SCH today to follow last week's incident in caption.

Please communicate by phone with Mr Robert Micallef (mob no 9949 8550) to set an appointment to view the works in progress before it is installed in situ.

Please keep KPKK in copy.

Sincerely,

Kenneth Cauchi

Attn KPKK.

No formal acknowledgement has as yet been received from the KPKK re the case in caption.

To safeguard your interest, you may wish to liaise with Mr Robert Micallef (mob no 9949 8550) and in copy who appears to have (without informing) accessed the rooftop of the site in caption, taken measurements, and commissioned works on the replacement of the damaged water spout.

Sincerely,

Kenneth Cauchi

Għażiż Sur Micallef,

Nirreferi għat-telefona li kellna iktar kmieni llum b'riferenza għall-dak fit-titlu ta' din il-komunikazzjoni.

Is-Sovrintendenza tal-Patrimonju Kulturali (SCH) tirrakkomanda li ssir kopja identika bil-ġebbla tal-franka, għall-mizieb li hemm fuq l-oppost tal-binja tal-kappella.

Irid jintlaħaq qbil mal-kuraturi pro tempore tal-kappella (Kappillan Parroċċa Balzan – hawn ikkupjat) biex jingħata permess għall-aċċess għal-bejt biex jittiehed moll bil-qisien neċessarji biex issir it-tali kopja rikjetsta. Il-kopja trid issir mill-aktar fis possibbli u tkun għas sodisfazzjon għall-partijiet li jidhru f din il-komunikazzjoni. L-SCH qed tibgħat ritratt tal-mizieb tan-naħa opposta tal-kappella li bħalu għandha tkun it-tali kopja. Napprezzaw risposta mill-aktar fis possibbli biex ngħalqu dan il-każ. Kuntatt tiegħi f każ ta' diffikulta huwa 7909 4086.

Nirringrazzjak tal-attenzjoni u nselli għalik.

Saħħiet

Kenneth Cauchi
