Dear Kenneth,

As discussed earlier, I have communicated with Mr Micallef last week regarding the re-making of the water spout (mizieb).

As per my communication, we have agreed that he is to coordinate with us prior to the installation of the recreated water spout, and Mr Micallef was meant to pass on the details of the stonemason working on it.

I have not received these details.

I have tried to call Mr Micallef earlier today but could not get in touch.

Mr Micallef, please provide details of the mason as discussed last week so that we may monitor the recreation of the water spout to ensure this is a suitable replacement. You should have my details (my number is also below) should you need to get in touch.

Regards,

Luca Tufigno

Għażiż Sur Micallef,

Nirreferi għat-telefona li kellna iktar kmieni llum b'riferenza għall-dak fit-titlu ta' din il-komunikazzjoni.

Is-Sovrintendenza tal-Patrimonju Kulturali (SCH) tirrakkomanda li ssir kopja identika bil-ġebbla tal-franka, għall-mizieb li hemm fuq l-oppost tal-binja tal-kappella.

Irid jintlaħaq qbil mal-kuraturi pro tempore tal-kappella (Kappillan Parroċċa Balzan – hawn ikkupjat) biex jingħata permess għall-aċċess għal-bejt biex jittieħed moll bil-qisien neċessarji biex issir it-tali kopja rikjetsta. Il-kopja trid issir mill-aktar fis possibbli u tkun għas sodisfazzjon għall-partijiet li jidhru f din il-komunikazzjoni. L-SCH qed tibgħat ritratt tal-mizieb tan-naħa opposta tal-kappella li bħalu għandha tkun it-tali kopja. Napprezzaw risposta mill-aktar fis possibbli biex ngħalqu dan il-każ. Kuntatt tiegħi f każ ta' diffikulta huwa 7909 4086.

Nirringrazzjak tal-attenzjoni u nselli għalik.

Saħħiet
